I have attached one more for your review and potential use. It is looking north along Forsythe Street during the temporary well installation activities (drilling rigs on both sides of the street).

Subject: Photographs

Attached are a couple of photographs for the Franklin project. I have reviewed all of our files and cannot locate any old photographs of the property, especially back in the 1980's or 1990's. Please let me know if you want me to stop by to get more recent photographs of the existing facility. I can do that tomorrow and send them to you for your use. Also, please let me know if you need anything else.

Sincerely,

Bradley E. Gentry, LPG
